

### 17SH807

#### Specifications

Input:12V/24VDC

Load Capacity:6000N

Speed:4~25mm/s

Stroke:50~600(Option)

Min installation Dimension:A=175mm+S

Limited Switches:inner

Operation temperature:-26~65°C

Protection class:IP54

Type of duty:S2-10min

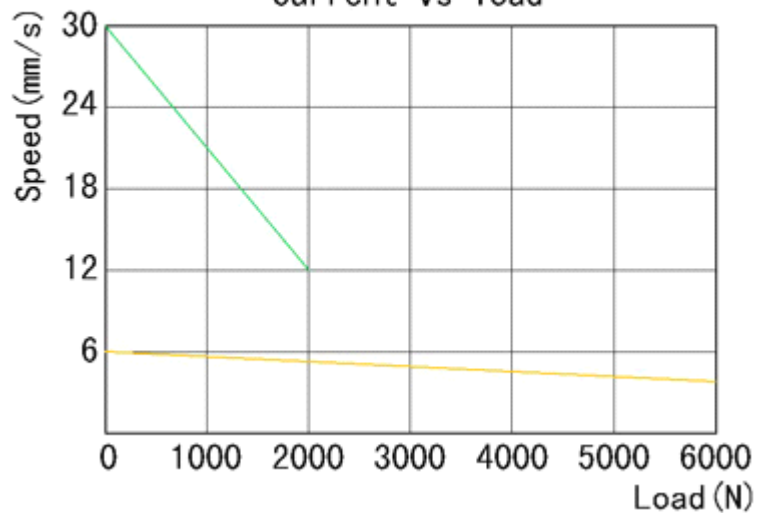

Control mode:wired,wireless.

Covering colour:Black

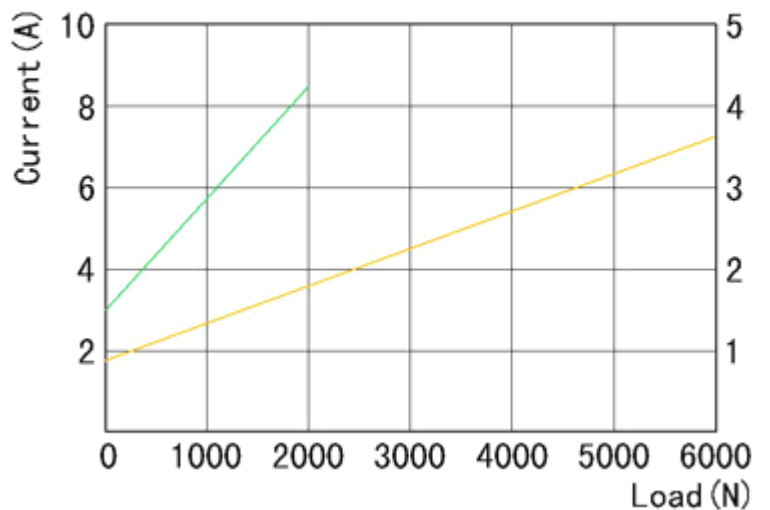

Application:Furniture,Industry
